

European Society
for Evolutionary Biology

20 - 25 August 2017
Groningen, the Netherlands

ESEB
XVI Congress

Dear Sir / Madam,

We are delighted to invite you to team up with the European Society for Evolutionary Biology (ESEB) to sponsor the 16th ESEB Congress, 20-25 August 2017, at the University of Groningen, the Netherlands.

This major biennial scientific conference offers you direct contact and access to over 1,400 delegates from leading universities and research institutes working in the field of evolutionary genetics and biology in Europe and the rest of the world.

This well-known meeting represents the important event in our field in Europe and will host numerous established research group leaders as well as young, early-career researchers. This balanced composition of attendees will give sponsors and exhibitors access to both the up-and-coming next generation of leading researchers in the field as well as to current leaders and decision makers in evolutionary biology.

We encourage sponsors, companies and exhibitors to use ESEB2017 in Groningen as a vibrant and exciting platform for showcasing their products and services to the international community of evolutionary biologists. As meeting organizers we offer a broad range of excellent opportunities to become involved as sponsors and to highlight your brand and products at prime positions throughout the meeting venue. We are devoted to help you with maximizing your visibility at this major event. Please note that all exhibition and sponsorship opportunities will be allocated on a first come, first served basis.

A special attraction of ESEB 2017 is the joint conference day with the annual meeting of the International Society for Evolution, Society and Public Health: evolutionarymedicine.org
This increases the anticipated number of delegates to 1,700 on the first day of ESEB 2017.

For further information on the conference and the venue, please visit: www.eseb2017.nl
For specific requests and propositions, please contact the ESEB 2017 Exhibition & Sponsorship Manager:

Simon Verhulst
